### Well another great Bike Week

has slipped into history. I don't have statistics but my educated guess is that crowds were down a bit. I could even get a drink at some of the most famous bars on the weekend without waiting for more than a few minutes. The weather was a bit colder than I would have liked, but other than one day of slight rain we were mostly clear skies. I have heard reports of some motorcycle fatalities but even with the internet I wasn't able to get any hard numbers for the 2013 event at press time.

I suppose someone didn't make it home without incident as a man was arrested for felony assault of a police officer after biting the Chief of Police, Mike Chitwood, on the hand and causing him to fall and cut his head on a motorcycle.

Thank you to all who came out for our Twisted Tea Hot Thunder Bikini Contest we had a great crowd. Please read the Pony Tale article in this issue about the money we raised during the event for breast cancer.

Okeechobee Bike Fest comes up on April 13-14 and the Rim Ditch Passport cash drawing. For those of you not familiar you have an allotted time to check in at stops around the rim of Lake Okeechobee and if you do you get to be in for a nice cash prize.

Following that event is Leesburg Bike Fest April 26-28th. We will be having a Twisted Tea/Thunder Roads party at Irene's on Thursday the 25th from 8-11p. Big Engine will be playing! Bring in canned food and get in on the \$50 cash prize we are giving away.

There are two rides on April 20th that we will be covering. The first is the Blue Knights Law Enforcement Ride in Palm Coast and my dear friend Sam is in a battle for her life with lung cancer. That ride will start at the White Eagle Lounge in Korona and end at the Iron Horse with live music by Bobby Scott band and there will be silent and live auctions to help with huge medical expenses. Sam and her husband Leo have helped on so many events and rides and it is my hope that all can will ride on this, even if you come after the Law Enforcement Ride. Plus there will be a Vintage Bike Show that day!

Also in Leesburg at Gator Harley there is the 8th Annual Cops & Kids Day on April 20th. And finally there is the Knights of Inferno Frank Celico Ride with sign up at BFFAR on

April 28th.

Ride safe and ride on...

Johnny Lange Strip Club Choppers

# BOOT HILL BIKE WEEK 2013

by Amy Poole

This year The Legendary Boot Hill Saloon and Strip Club Choppers joined together to make the experience of Bike Week even better! Everyone will stop in at the Boot at least once during the rally...it's just a given...whether it's to party, pick up a new t-shirt or to look at some eye candy at the Full Throttle bikini contest!! Even after the rally the party continues with live music, Wednesday bike night and free BBQ every 4th Saturday. If you don't know, Boot Hill has an Ormond Beach location on US1... and it was utilized well this event!! Owner of Strip Club Choppers, Johnny Lang, teamed up to help organize and plan the events and I have to say he pulled it off!! Plenty of free bike parking was available along with the Wall of Death Shows at no charge! The Rat's Hole Bike Show was impressive; seeing all that power roll up and some of them getting on it and smoking tires! The one feature that was my favorite, and if you know me you know it is, was the Jungle Habitat out of Tennessee founded 25 years ago. Their mission is to provide safe healthy long term care for unwanted or abused exotic animals of all kinds! They had an 8week old Bengal Tiger named Sadie, (which Shane and I both got to hold and have our pic with her!) another tiger and 2 monkeys. For a donation you could do the same!! Check out jungelhabitat.org.

Thanks Boot Hill for awesome experiences and another great Bike Week!!

# BULL'S EYE

By Mark Manuel

I met this month's Bull's Eye, Mark Manuel, at the Boardwalk Classic Ride In Bike Show during Bike Week. His creativity and passion for design is evident in his bike "Bad Sled". In addition to being an extremely creative bike designer he also writes exceptionally, so I have asked him to submit his own story. **LuLu**

My story, like this build, is a little different from most. I fell hopelessly in love at 19 years old ... twice! First with my wife of 35 years and second, with my Suzuki... not necessarily in that order! Thirty-five years later, I'm still in love with both. The only difference is that I'm into the design and creativity of bike building as much as riding. Like any love affair, it's been a love-hate relationship at times, but that's okay, 'because I'm a clinical psychologist. I work with bad boys at the Florida Department of Corrections, but my true love is a nine-year build that started in Miami at New Age Motorcycle, and continued by builder/painter Jay Horton from Alachua. My bike began life as a 1982 GS 1100 in-line 4 cylinder 16-valve chain drive Suzuki Katana. When I got tired of gear-heading around Miami, I decided to build my own signature motorcycle. I wasn't into sport bikes or conventional Jap cruisers anymore, but I didn't want to build another H-D cookie cutter chopper, bobber, or bagger. I wanted to build a whole new breed ... a high-end prototype, integrating the old school radical retro FLH design with a wicked drag bike engine. The original 1100 was bored out by Star Racing using a Stage One pro-stock 1200 cc drag bike kit featuring a race cut/heat treated tranny, competition cams, valves, rings, pistons, chain, clutch, 38mm Mikuni stacks, and two 30 pound NOS tanks. This "Bad Sled" claims a staggering 140hp and a heart-stopping 170hp + with the NOS engaged. As of the spring of 2013, 1/4 mile and top speed are still unknown pending engine break-in. In terms of design, I incorporated Arlen Ness Tail Dragger fenders, prototype 7 foot side by side fish tail pipes, a functional suicide shift, "floating" suspension, air shocks, flame thrower (gulp!), and \$5000 in chrome. Roping it all in, the west coast "True Fire" air brush paint job is designed to reflect the notion of riding and splashing through liquid fire.

Not only is this thing crazy fast, it's a Radical Metric 1000 cc+ show bike, having taken first at the 2012 Rat's Hole show at Leesburg, 2nd at Rat's Hole Biketoberfest 2012, 2nd at the 2013 Full Throttle Biker Build Off, 2nd at the Rat's Hole Bike Week 2013 and 1st at the 2013 Boardwalk Classic Bike Week. That's 5/5 shows guys... and the bike has been featured in several biker magazines as well. My ultimate goal is to win or place at Sturgis, the biggest and most prestigious custom motorcycle show in the world. I have "Bad Sled" priced at \$50,000 and with all the hours, chrome, paint and design innovations, it's a steal. Blending the past and present, I've taken an antique Suzuki and integrated H-D, Arlen Ness, and Indian influences, making this an awarding winning bike. Long... Low... Loud... Phat... and Fast ... This is truly one "BAD SLED!"

# Boardwalk *Classic* RIDE IN BIKE SHOW

By LuLu

One of the nicest venues to look at sweet bikes is at the Boardwalk during Bike Week. The beauty of the beach and Atlantic Ocean as a backdrop sets this apart from most shows of the year. Even with the possibility of exposing these bikes worth tens of thousands to the sea spray they have a great turnout. The attention to detail is amazing and this year the pipes seemed to really stand out. My favorites this year were the "twister" with the twisted frame and pipes, the fire department bike with the hose nozzle pipes and "Bad Sled" with its low profile straight extended pipes. Make sure if you visit Bike Week or Biketoberfest you check this out. There is no admission fee to view this show and it is always on Friday.

# Nobodies' Opinion

By Billy "Kneecap" Braddock

May is an interesting month. There are many days which honor many. We have National Nurses Day on the 6th, Mother's Day on the 12th and Armed Forces Day on The 18th. However, there is one day that is also important to me "World No Tobacco Day" on the 31st. I'm writing this article on April 15th (Tax Day's 100th anniversary). Eight years ago on this date I quit smoking cigarettes after 48 years. "World No Tobacco Day" brings awareness of the health and dependency issues of tobacco. Tobacco may be the most addictive legal drug we know. With all the aids to help you quit smoking, there is only one that really works. It's your "HEAD". You need to make up your mind that you really want to quit and it will happen. I don't run around preaching about smoking, but the bottom line is if you smoke, you need to kick the habit TODAY. Your LIFE may depend on it.

Smoking is not the only thing that can kill you. Were in the middle of gator mating season and I don't mean the University of Florida cheerleaders. So remember, we live in a state (Florida) where you can be eaten by both alligators and crocodiles. If you need a hug, we also have boa constrictors. Then there are Sinkholes, which is Mother Nature's way to allow Florida itself to commit murder. Mother Nature also gave us mosquitoes, ticks and fleas that like to give you little love bites. Florida is one of the country's top tourist destinations. The roads are flooded with people who don't know where they're going but in a big hurry to get there. If that isn't enough, we have blue haired, white knuckled, Buick drivers who don't use turn signals and have a tendency to turn left in front of you. When I was a kid, we would say the most dangerous thing you can see in Florida was a Northerner traveling south on I-95 in a U-Haul.

There's been a lot of talk lately about legalizing marijuana (cannabis). Cannabis has a long history. The first direct reference to a cannabis product as a psychoactive agent dates back to 2737 BC. It was used as a medication for rheumatism, gout, malaria and oddly enough absent-mindedness. In 1545,

the Spanish brought marijuana to the New World. The English introduced it in Jamestown in 1611, where it became a major commercial crop alongside tobacco. By 1890 it had been replaced by cotton as a major cash crop in the southern states. It was in the 1920s that marijuana began to catch on. Some say that was brought about by Prohibition. Marijuana was listed in the U.S. Pharmacopeia from 1850 to 1942, and was prescribed for such things as labor pains, nausea, and rheumatism. I grew up in the "hippie generation" where it was a symbol of rebellion. I can remember this nerd I knew who was going on vacation. He asked me, "Where can I get some marijuana to take with me?" I asked him, "Where are you going?" to my surprise he said Mexico. After I stopped laughing hysterically, I had a visualization of a newspaper headline "Stupid gringo tries to smuggle marijuana INTO Mexico". Until The Controlled Substance act of 1970, the majority of marijuana came from Mexico. After the Mexican government agreed to eradicate the crop in 1975, Columbia became the main supplier. So now, we advertise our easy giveaway of food stamps in Mexico. With this stupid "Zero Tolerance" climate, the so-called "War on Drugs" and mandatory sentences for possession the police prosecuted 848,408 persons with marijuana violations in 2009. 758,593 were charged with nonviolent possession only. Our jails are overflowing and with 224 million users in the world's adult population, maybe we better take another look at our laws. Like they say, never let the truth or the facts interfere with the passage of a new law to control.

Quote from the person who invented the Internet and global warming. "It isn't pollution that's harming the environment. It's the impurities in our air and water that are doing it". Al Gore, Vice President

# PONY TALES

By LuLu

During Bike Week I was wondering around the Speedway and ran into my friends from Rolling Thunder Chapter 8 they were showing me the coolest piece of art that someone generously donated to them (see photo). A bit later in the day I came upon that artist's booth and had a chance to meet the artist "Dirt" (James Dorner) and see more of his creations. Upon hearing that I had a friend with lung cancer he gave me a piece of art to auction at her poker run. This is one amazing and generous man. He didn't know me or my friend. He wasn't a local and yet he insisted I take the pair of metal angel wings his hands had sculpted out of metal.

His creative works are sold under the name Art by Dirt and he really creates amazing art American made motorcycle pieces. From tiny rosebuds to huge eagles his mind takes metal art to a new height. So far he has given over \$64,000 to his charitable causes which he is very involved in veteran and children causes. I am keeping this Pony Tales short to make room for the photos. The artist has been featured in Easy Rider magazine and you can find him on his website HYPER-LINK "http://www.artbydirt.com" www.artbydirt.com Thank you Dirt from Thunder Roads Florida, Rolling Thunder Chapter 8 and my friend Sam you are certainly a delightful man and I am impressed by your art and generous spirit!

# Need for Speed at FIRST TURN

By LuLu

Cochise Chops, Hold Fast Tattoo and First Turn Steakhouse in Port Orange brought in a new twist to Bike Week. Along with some of the best food in town, a fabulous outside deck and great music...they turned the parking lot into a stunt show complete with burn-outs. To end the great Friday evening they had a checkered flag waving contest and a Pensacola girl won the \$100 cash prize but generously donated it to the Children's Home Society. Make sure you include First Turn in your places to ride to all year long; they have a weekly bike night on the deck on Tuesday nights!

Owners Rick & Denise Hilliard

# IRENE'S IN TAVARES by LuLu

In March Irene's on Old Highway 441 in Tavares had music all afternoon and well into the night. And if smokin' hot tunes wasn't enough to entertain you they even had a fire eating tattoo artist out back. And out back ...there is a huge fire pit and large fenced in yard just perfect for bikers.

## 8th Annual Shands Burn Center Poker Run Sunday, May 19, 2013

We are all susceptible to getting burns. You do not need to be a fire fighter to get burned. Shands is the leading burn center located in Gainesville, Florida and covers all burn injuries.

# Getting Dirty at Dirty Harry's

by Amy Poole

Bike Week wouldn't be the same without riding down to Main Street and getting yourself engrossed in the activities at Dirty Harry's. Most of the year it's pretty quiet on the strip but during the 10 event it's rockin' with 2 big stages, the roar of engines, girls in their sexy attire and 100% amusement! The wet tee contest was slick as oil and is always a handful for Cowboy, known as the King of Entertainment, but he sure had a grip on it! Then there's always time for a booty break! The booty contest is right smack on top of where the scent of food (and the booties) makes your mouth water!

If you want to start the weekends off right Friday is bike night with \$1 beer and the first Sunday of EVERY month is soaring with free bbq and live music. Each month has a different sponsor with pretty promo girls strolling around with giveaways. With spring and summer moving in on us, it only enhances being out in the courtyard for some fun!! Check Dirty Harry's ad in Thunder Roads Florida for all they're doing or their website at DirtyHarrysDaytona.com!!

# 6TH ANNUAL HARLEY-DAVIDSON MDA WOMEN'S RIDE

by Deborah Speicher

The annual Harley-Davidson MDA Women's Ride goes on rain or shine, and this year it almost went on in the rain. As my group left for the staging area on Beach Street, the rain started. Thankfully, it was only light rain but it made the morning dark and dreary. However, once we got to Beach Street, it all changed. The three children and one adult with muscular dystrophy joining us for the ride were so excited, and no amount of rain could keep them from being all smiles. Thanks to a trike and some motorcycles with side cars, they got to ride with us. This is one event that they look forward to it each and every year.

We had an incredible police escort courtesy of the Daytona Beach Police Department and the Volusia County Sheriff's Department. The ride took us up Beach Street and over the Main Street Bridge. Going down Main Street during Bike Week with a police escort means no stopping for traffic or lights and is one of the greatest routes of this ride. We then headed north on A1A to SR 40 and into The Loop. The ride ended at Destination Daytona.

With over 100 participants, the ride generated \$31,000 in donations. Most of monies raised stays locally to help send children with muscular dystrophy to MDA Summer Camp. In the past six years, we have raised over \$300,000 for MDA. It would be hard for me to express how important that is to the children and their families that attend this event each year. I would encourage you to come out and support this event next year either as a rider or just come to cheer us on!

# SMITTY'S TWISTED TEA

## Bike Night

BY RAVEN

Once again another successful Twisted Tea Bike Night. March's event was held at Smitty's Bar and Internet Cafe on Kori Road in Jacksonville. Chelsea, the Twisted Tea girl of the night, passed out cozies and samples. A raffle for a \$50 door prize was held and all you had to do was bring in canned food for the food bank to get in on the drawing, but along with the 54 pounds of food \$47 cash was donated to the food bank by the generous crowd. BBQ beef dinners were hot on the grill, and open mic night from 7-9pm treated us to great singing by some of the locals. Don't forget Smitty's has a \$500.00 karaoke contest every Saturday night. If you haven't been out to Smitty's they have a great outdoor covered deck and large outside yard for those of us who enjoy the great outdoors, really nice bar staff and this makes it perfect for those that ride!

# BEAVER BAR "ROCKS" BIKE WEEK

By Amy Poole

The Beaver Bar is a hop, skip and a cruise to many of the festivities during Bike Week. This was their first Bike Week open and I don't think they were disappointed! Loads of bikers and peeps just out to see the sights lined up to get in the Beaver to chow on some great food by Grover and the boys, see some hotties from South Carolina and quench their thirst on \$2 beers...that's right \$2 beers ALL year long!! Their band line up was phenomenal and if you haven't heard Rebel Son...you missed a few rockin' nights!! Or you could do something simple like chill in the rockin' chairs, but just so you know... you can't take them home with you! Thank you Leslie, Jeremy, and the whole crew for a GREAT rally and looking forward to many more!!

HOPE TO SEE YOU IN

# BIKE WEEK 2013 AT CABBAGE PATCH

BY Kneecap

You could have "Doubled your pleasure and doubled your fun" had you gone to both (Wed & Sat) of Cabbage Patch Bar's "World-Famous" Coleslaw Wrestling events instead of one. The Cabbage Patch was a week of constant entertainment. The week included ride in bike shows, wet T-shirt and Hot Buns contests daily with cash prizes. There were four stages with live music that rocked all day and night. With 14 bars and the hottest bartenders in town, there was little waiting to get a drink. Once there, you didn't want to leave and you didn't have to, because they had \$10 camping. Sadly, the week ended on Sunday with a "Survivor Party". For more photos and info go to their website [www.CabbagePatchBar.com](http://www.CabbagePatchBar.com). At last count there was more than 70,000 photos on the website.

Remember, the Cabbage Patch Bar is open year-round with daily drink specials and live music Thursday, Friday and Saturday nights. There is also a free swap meet every third & fifth Sunday with free BBQ, vendors, and music. Stop by and say hi to Ronnie, Roger and all the great bartenders.

Ronnie owner of the Cabbage Patch Bar

# HOT & TWISTED

## AT THE WHITE EAGLE

BY LuLu

This was to me our best TWISTED TEA Hot Thunder Bikini Contest ever! Not only was the weather fabulous, the Twisted Tea icy cold, the girls smokin' hot, Big Engine was rocking the new White Eagle stage complete with a ramp for us to bring bikes on stage, the crowd was not only fun...they were incredibly generous.

This year our judges included celebrity Don Wood from the reality TV show Moonshiners, artist Tom Ackley and his wife and entrepreneur Vicki-jo Lucky from Eternity Spa, pro bass fisherman sponsored by Twisted Tea, Gary Coleman, Geri from GT Motorcycles in Pineda, photographer Miserable George and Twisted Tea drinker Choppers! They had an incredibly difficult task of narrowing the field down to decide who went away with \$300, \$500 or the grand prize of \$1200! Our winner Jessica Renee is from Miami and has won our contest in the past.

During the event artist Tom Ackley presented Don Wood with a wood burning likeness of him which Don was just stoked to receive. We brought in Sterling and Josh dressed in pink briefs to dance for the crowd to raise money for the Tracy Dillon Mammogram Fun, and incredibly, the generous crowd gave \$632!! Gotta love those bikers!

We want to thank the bike owners, Don, Irv, Ricardo, John, Tim, XXXX, Xxxx for the use of their bikes for the girls to pose for the crowd on. I particularly want

to thank Don, Micah, Ricardo, A.J., Tim, Howie and Kim for going the extra mile to get the stage done just in the nick of time.

We need to thank the White Eagle for hosting our event, Twisted Tea for being awesome sponsors each year, the participants in the games particularly the deep throats who swallowed the whole thing! Finally I want to mention La Mesa RV on I 4 in Sanford who allow the girls to change into those tiny bikinis in the comfort of a beautiful air conditioned RV you guys are the best! If you are looking for an RV of any sort visit our friends at La Mesa. And if you haven't tried a Twisted Tea come to one of our Bike Nights and the Twisted Tea girls will hook you up!

# KICKING IT AT IRON HORSE SALOON

by Amy Poole

Jared Blake  
from  
The Voice

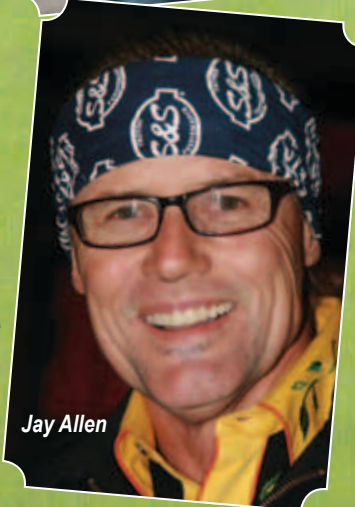

Tobi from  
Mustang Sally

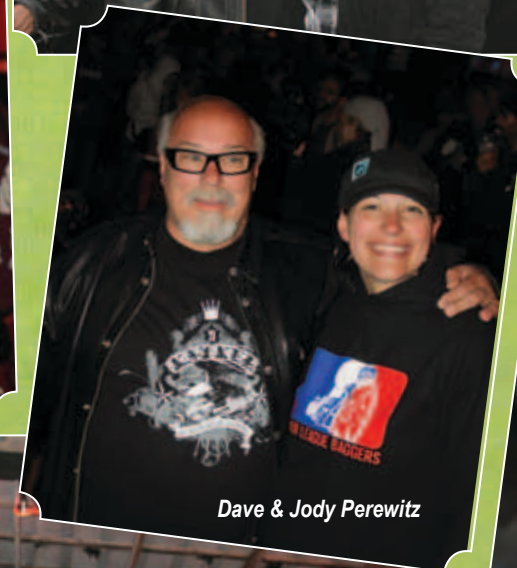

Bert & Lisa Baker  
from Baker Drivetrain

The World Famous Iron Horse Saloon sponsored our "Twisted" cover for Bike Week 2013 and rocked us off our feet featuring David Allen Coe, a known legend...Jared Blake, an awesome county singer...Mustang Sally, an all women country/rhythm/blues band and the many FREE concerts during the week!! The Horse has it "ALL" going on during the off season and during the rallies. Off season if you are out and about you can hit Bike Night the 1st Saturday of every month with live music and a bike contest, during the week play in tournaments for cash prizes either corn hole or horseshoe, eat inexpensive good grub and drinks, join in on the poker runs for great causes, etc. Throughout the rallies you can pretty much do all those things with extras like the Horse teamed up with J&P Cycles (the world's largest retailer for motorcycles), and had a burnout contest right by THE STAGE until there was no rubber left!!! They even have a place for you to sleep...well, not at the Horse but at their campground called Moonshine... a short distance away. And then there is always the famous beef tip sandwiches and fabulous T-shirts! Everyone always makes a stop at this Famous site!! Check Thunder Roads Florida for all the Horse's upcoming events!!

# Willie's TROPICAL TATTOO OLD SCHOOL BIKE SHOW

By Amy Poole

### IT'S CHOPPER TIME!!!

I have to say that the BEST part of Bike Week is Willie's Tropical Tattoo Old School Chopper Show...for a few incredible reasons! It's quite simple how this all began. Willie's bike show began about 12 years ago. Willie and a few of his custom builder buddies, such as Jeff and Donnie from Sucker Punch Sally's, and Adam Chandler would meet up on Thursdays at the shop on their choppers to gear up for a night out. As this continued, many onlookers were aware of this and chose to ride their chopper in, park, shoot the breeze, and from there it just got bigger and that is how we got to the present.

This year's bike show was **BIGGER** than ever with 173 bikes on property and Willie and the crew's choppers were not counted!! The eager crowd, getting inked or not, and the unique bikes were packed in tighter than a locked up wheel!! The builders were competing in many categories for some rare hand made trophies handed out by tatted babes and the Twisted Tea girls. Drink stations, like \$2 beers, wine, cocktails, soda and water were set up all around along with snacks for lunch, if you got the munchies while listening to the non stop live music. An added perk too were the bales of hay stacked up in the sunshine so many of us parked ourselves on them!

*continued on next page*

# Willie's TROPICAL TATTOO OLD SCHOOL BIKE SHOW

continued

Another thrilling factor at Tropical was having celebrities Josh and Bill from Moonshiners TV show and of course Cutie Pie, Josh's dog, on site selling shots of moonshine and boy was it tasty!! If you are not familiar with the show you fail to see the humor and the hard work they put into their stills, but sippin' on some shine while doing so...makes it well worth it!

The topper of the day was that ALL monies that were profited at the show from selling the beer, refreshments, food, moonshine; the gals and guys tip money, etc. ALL FUNDED the Arni Foundation Animal Shelter!!!! Raising \$9,000.00!!!! Arni is a nonprofit no kill shelter located here in town. They save 100's of animals from other shelters that are in danger and find them loving homes! Arni has been onboard with Willie at Tropical's bike show for the past 5 years. Nikki Lynn, founder of Arni, is an angel for these furry friends...she has a heart larger than life!! Here is their website if you are looking to give a 4 legged friend a loving home or to donate...arnianimalrescue.org

A big thank you to Dave Perewitz, Twisted Tea, Spectro Oil, Big Rick and the Troublemakers, and to all who supported this event!!!

**We're Your Ace In The Hole**

A man died in a horrible fire. The mortician thought it was Bubba, but the body was so badly burned that somebody would need to make a positive identification. That task fell to Bubba's two friends, Joe and Wally.

Joe: "He's burnt pretty bad, all right. Roll him over." Joe looked at the dead man's buttocks and said, "Nope, that ain't Bubba."

Thinking the incident strange, the mortician straightened up the body and said nothing. He brought in Wally.

Wally: "Wow, he's burnt to a crisp. Roll him over." Again, "Nope, that ain't Bubba."

Mortician: "How can you tell?"

Wally: "Bubba had two assholes."

Mortician: "What? How could he have two assholes?"

Wally: "Everybody knew Bubba had two assholes. Whenever the three of us would go into town you'd hear people say, "Here comes Bubba with the two assholes!"

A sexually active, middle-aged woman, informed her plastic surgeon that she wanted her vaginal lips reduced in size because, over the years, they had become loose and floppy.

Out of embarrassment, she insisted that the surgery be kept a secret and, of course, the surgeon agreed.

Awakening from the anesthesia after surgery, she found 3 red roses carefully placed beside her on the bed.

Outraged, she immediately called in the Surgeon.

"I thought I specifically asked you not to tell anyone about my operation!"

The Surgeon told her he had carried out her wish for confidentiality and that the first rose was from him.

"I felt compassion for you, because you went through this all by yourself."

"The second rose is from my Nurse.

She assisted me in the surgery and understood perfectly, as she had the same procedure done some years ago.

The woman had calmed down considerably and was actually feeling grateful for all these caring people.

"And what about the third rose?" she inquired.

"Oh, that's from a man upstairs in the Burn Unit - he wanted to thank you for his new ears."

I'm reaching out on behalf of a buddy of mine who needs some help! His wife told him to go out & get some of those pills that would help him get an

erection. When he came back, he handed her some diet pills. Anyway, he's looking for a place to live.

A woman goes to the Doctor, worried about her husband's temper.

The Doctor asks: "What's the problem?"

The woman says: "Doctor, I don't know what to do. Every day my husband seems to lose his temper for no reason, and it scares me."

The Doctor says: "I have a cure for that. When it seems that your husband is getting angry, just take a glass of water and start swishing it in your mouth. Just swish and swish but don't swallow it until he either leaves the room or goes to bed and falls asleep."

Two weeks later the woman comes back to the doctor, looking fresh and reborn.

The woman says: "Doctor that was a brilliant idea! Every time my husband started losing it, I swished with water. I swished and swished, and he calmed right down! How does a glass of water do that?"

The Doctor says: "The water itself does nothing. It's keeping your mouth shut for long periods of time that does the trick...."

Ralph and Edna were both patients in a mental hospital.

One day while they were walking past the hospital swimming pool, Ralph suddenly jumped into the deep end.

He sank to the bottom of the pool and stayed there.

Edna promptly jumped in to save him. She swam to the bottom and pulled him out.

When the Head Nurse Director became aware of Edna's heroic act she immediately ordered her to be discharged from the hospital, as she now considered her to be mentally stable.

When she went to tell Edna the news she said, 'Edna, I have good news and bad news. The good news is you're being discharged, since you were able to rationally respond to a crisis by jumping in and saving the life of the person you love...

I have concluded that your act displays sound mindedness.

The bad news is, Ralph hung himself in the bathroom with his bathrobe belt right after you saved him. I am so saddened, but he's dead.'

Edna replied, 'He didn't hang himself, I put him there to dry. How soon can I go home?'
