# Bad Boys GOT SHINED

By Amy Poole

Bad Boys Saloon's first Bike Week seemed to go well considering this was the new spot on the block. Lou, owner of Bad Boy's, has many friends and associates standing by him to help him succeed in the industry. Through Bike Week 14 bands performed and special appearances like Josh, Bill and Cutie Pie were made. Purchase your Bad Boy's mug for free draft beer specials and even now you able to receive that on a daily basis or you could get your Shine on in the Ole Smokey Moonshine traveling bar! Make certain you check out Bad Boys ad in Thunder Roads to join in on the action...for instance Ladies Night on Wednesdays and Bike Night on Fridays for prizes! Don't eat before you come though...you will want to order something off the menu...the food is delicious!! Tell Lou hello and that you saw his ad in Thunder Roads Florida!!

# BULL'S EYE

By Amy Poole

Adam Winterstien is 33 years old and was born and raised in Iowa, grown strong and smart. He was brought up on a 700 acre cattle and grain farm which his parents still own and reside on. At 5 he was racing 4 wheelers on the trails of his land and participating in the county fair races. Growing taller and tough he added dirt bike racing to his outdoor adventures along with some barrel racing.

During his adolescent years he did his share of partying like most young'uns, but he then put his mind to work by attending college in Warrensburg, Missouri and received 2 bachelor degrees in sociology and criminal justice. In 2007 Adam moved to Florida and took up surfing and chose to get into shape by going to the gym a great deal. His motto: "A Healthy Body Makes a Healthy Mind". He became a social worker in the Volusia County School District as a behavioral specialist on behalf of children. His values are high for these children to help make a difference in their lives but unfortunately funding in that area is limited so Adam decided to change his route when One Horse Saloon was presented to him. Why? Because alcohol sells and chicks make it sell quicker!! Even with the economy through hard times people still have money to go to the bars.

Adam bought One Horse Saloon in Holly Hill in May 2012 but not before owning his first 1987 black Sportster 1100. After that Adam picked up a 1984 red Shovelhead. One Horse is a welcoming and quaint large bar. As I have mentioned before, the bartenders are friendly and always acknowledge you as you enter...which is a plus! In the rear of the building Adam added a sewing business with numerous patches for your apparel but they also reupholster seats and alterations can be done. One day Adam would like to own a gym...maybe.

Adam is a true rider, ALWAYS READY TO RIDE, GOING TO RIDE OR ALREADY RIDING!! He keeps adding to his assortment of motorcycles with the newest two being a 1984 red Shovelhead Wide glide and a 1974 Shovelhead Electra Glide. Next on his list is a Panhead. In addition to his 2 wheels he also has a 4 wheel 1960 flat black Ford truck rat that can smoke tires like a chimney! So while you are out and about stop in The One Horse Saloon, in Holly Hill...say Hey to Adam...or maybe you catch a ride with him!

# DESTINATION DAYTONA CELEBRATES 20 YEARS DURING BIKE WEEK

By LuLu

Lots of us party during Bike Week, but Destination Daytona had something to really celebrate...20 years of business. They threw an awesome party catered with delicious food by Moore's Fine Food. But they also celebrated all week long with exciting events all week long. The Budweiser Clydesdales were on site, lots of vendors and the biggest bikini contest in town and my girlfriend, Nicole took first place! They drew a great crowd with their free concert by Vixen and Great White. They have Bike Night on Thursdays so ride in to Destination Daytona this spring for a great time.

# WHITE EAGLE GOT TORCHED

by Amy Poole

You can take a beautiful scenic ride through the mature trees any day of the week and finish "Your Destination at the End of the Loop" at...The White Eagle Lounge. You will hear the roar of motorcycles during the events and on just plain ol' Fun Day Sundays itching to get to The Eagle for either their Biker Bash at the end of every month or just cuz it's the location most of us regularly start at in the a.m. for \$1 Bloody Marys, as well as, ending the day there too!

The Eagle has plenty going on during Bike Week such as live music daily, crapper drags, Firecracker the Bull, food and vendors. The best happening and enjoyment was Johnny, The Torch Performer that demonstrated all kinds of fire tricks and TORCHED the clear sky with flames! And, of course, Miss Jasmine Cain taking flight into the crowd. Don't forget to hit Mondays for Happy Hour 4-close and Friday for steak night!!

# Nobodys' Opinion

By Billy "Kneecap" Braddock

"Bottoms up" is an expression which literally means to tilt the bottom of one's glass upward until it is empty. There is also the expression, "Is the glass half-full or half-empty"? To me it doesn't matter if it's half-full or half-empty, there is still room for more whiskey. In our country we have politicians that are full of S#!+, and voters who are empty of personal responsibility.

It's time for our country to go bottoms up. By this I mean we have been ruled (and I mean ruled not governed) from the top down. The Democrats think of themselves as the party of the cultural elite. The Republicans are looked upon as the party of the business elite. Both have become like the aristocratic parties of the 18th century. The Democrats supporting base is from the urban working class, but get their marching orders from those professionals who make their money off the working class. They throw money at programs that are supposed to help the working class but most of it stays in the pockets of the professionals. The Republicans base consists of moralists, small business, and property owners but they still are dominated by big business.

We need to start from the bottom (local politicians) and work our way up (federal politicians) like our founding fathers intended for our government. They wanted their politicians to represent the community and their neighbors. When they had accomplished what they had promised in their election bid, they would go back to their private lives. We now have professional politicians who feed at the public trough. They promise almost everything and anything to get reelected. Does term limits come to mind?

I realized how important it is to pay attention to our local elections after talking to a good friend of mine, Eddie Colosimo, who is running for mayor of the small town of Holly Hill, FL. He is the type of politician that we need more of. He has devoted his life to his country and his community. In the past he has taken on issues with local government on behalf of the citizens and actually won.

Small-town politicians, Mayors, Commissioners, and School Board Members are very important to a community and its citizens. The reason we have what we have in government, is because our voters are uninformed and uneducated. 32 million adults in the U.S. can't read. That's 14% of the population. 21% of adults in the United States read below a fifth grade level and 19% of high school graduates can't read. 85% of all juveniles who interface with the juvenile court system are functionally illiterate and over 70% of the inmates in America's prisons cannot read above a fourth-grade level. It's time to take our country back and start educating its citizens before we destroy the greatest country in the world.

Jesus loves you is great to hear in church but not in a Mexican prison.

# PONY TALES

By LuLu

Well for the past seven years I have featured a page each month known as Skin Art. I have been intrigued by what people will ink on their skin, but never been inclined to put anything on my body. Bull, that originally brought me into the world of biking, wanted me to have a Lonnie Anderson type tat of

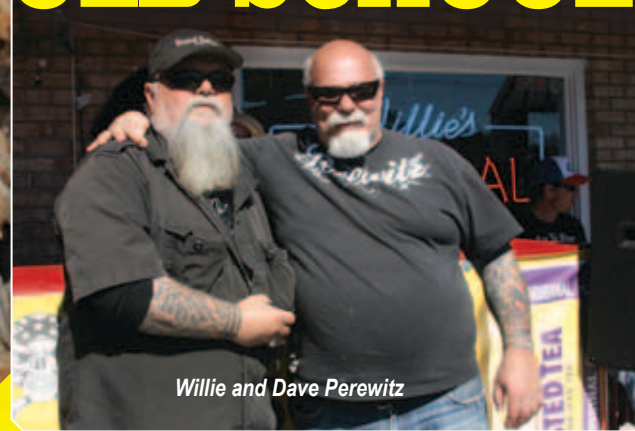

barbed wire and Bull's Bitch laced into the design. Obviously my answer was always NO WAY! I hate when I have a bruise. Why would I ever consider ink?! But Bike Week 2014 brought many changes in my life and one happened to be the need to get ink! So I made a visit to one of my dearest friends in the world I have grown to love, Willie at Tropical Tattoo and he hooked me up with Ron, one of his artists. For the record I am not a sissy. I endured two childbirths without any anesthesia, one of which required 24 hours of labor. Don't let anyone tell you a tattoo doesn't hurt.

I must admit I love the cross that Ron chiseled into the nape of my neck, hidden by my hair only those who know me well will ever know I finally gave away my ink "virginity". I had to have my girlfriend Christy rub my thighs and show me slightly x-rated photos she had recently taken of herself to try to keep me from stopping half way through. Sherry, my BFF, who has the same tat and whose necklace we used as our art work was busy filming and laughing at me. But halfway through she whispered a message from a friend that made me realize I wasn't going to give up. Sometimes real pain makes mental pain seem less painful. Maybe that is why some get addicted to ink...

*Feel life's pain to its fullest so you can appreciate when your life is pain free, say a prayer for someone making changes in their lives and don't forget your sunscreen.*

# Willie's TROPICAL TATTOO OLD SCHOOL CHOPPER TIME

Willie and Dave Perewitz

By Amy Poole

Another great event this year at Willie's Tropical Tattoo Old School Bike Show! The unique photos that are taken of the ol' school choppers and pretty ladies that play the part make this one of our favorites! Choppers, craving for attention, lined up waiting for their turn to be called for an award and many were hungry for some ink which turned the tattoo parlor awful busy! Live music filled Tropical all afternoon with people mingling about and our buddy Don Wood, from Moonshiners, made an appearance for some recreation time. This event is a must not miss, thus look for it in Thunder Roads Calendar Biketoberfest!!

Then it was time to drink some beer for the furry friends which are where all the proceeds went that day... to the Arni Foundation, a non-profit organization, located in Daytona Beach. Nikki Lynn, owner and founder of Arni, and her friends come together day after day to rescue these animals from abuse and cruelty. On Tropical Tattoo's Chopper Bike Show day Nikki and her friends lend a hand by giving their time and taking charge by shopping and stocking all the beer and drinks, bartending, getting the snacks, etc. Even Bob showed up walking tall and steady to help! Every year Nikki arranges for the new tees

or tanks to be purchased with a new motto this year it said: Be Kind To Animals Or I'll Kill You. I loved it...you know I had to have a shirt!! All proceeds go to the furry critters that day from the items that you guys all purchased at the bike show. The monies raised was around \$6,000.00 ALL of that going to Arni!!

Many thanks to ALL who came out that day...Willie and his crew, Dave Pere-witz, Spectro Oil, Twisted Tea, J&P Cycles, patrons and every one of you that volunteered for making this day a huge success!!!

# RIVERFRONT PARK ULTIMATE BAGGER SHOW

By Amy Poole

The Riverfront Park Ultimate Bagger Show was an impressive bike show to attend, consisting of about 30 baggers and it was only the 1st Saturday of Bike Week 2014. The event was unlike most of the bike shows we attend, this being that these baggers were contemporary, nearly all containing air ride not kickstands and well...

baggers! The large event is on the river with live music, vendors with food and merchandise and just a pleasant atmosphere. Mark your calendars for Biketoberfest...it's a do not miss event!!

# IRON HORSE GOT ROCKED

by Amy Poole

Featured on our cover in the March issue for Bike Week 2014 was The World Famous Iron Horse Saloon! There is not much you won't set your eyes on while being present at The Horse day or night! Where else can you ride through the horseshoe or park...water your pipes while getting inked...burn your own rubber in a pit...notice some sweet eye candy...catch a glimpse or photo of legendary individuals...fuel your buds and appetite with tasty foods...shop until you drop for Iron Horse goods...even a bride and groom were there wedding dress and all...and you guys got ROCKED by the entertainment until the sun came up (well...almost)!! This year their headliners were Fran Cosmo of Boston, Mustang Sally and Brian Howe of Bad Company. Bike Week apparel is still available at The Horse in The General Store. The kitchen is always open for a bite so ride in for some more fun and join in on the Iron Horse activities all year long!

# Dirty Harry's GOT DIRTY

By Amy Poole

During the 2014 Bike Week Dirty Harry's had the motorcycle enthusiasts setting off in all directions! You may wonder from sister bar to sister bar; Cowboy's role kept all faces entertained by his humor and his chicks in his wet tee contests; aromas of food that you could choose from large menus, like fried string beans were enticing and rockin' bands jammed day and night!!

In the midst of all the activity, The Flaunt Girls made their appearances by signing autographs and pouring shots of cold Jager through your pipes followed by a DIRTY spankin'!! Whoa! It was going on at Dirty Harry's and the sun hadn't even gone down yet!!

The excitement in no way quits when the rally is over...cruise in and ask about their monthly drink specials or free BBQ with live music on the 1st Sunday of every month!!

# CABBAGE PATCH

## BIKE WEEK 2014

by Kneecap

Established back in 1926, the Cabbage Patch Bar still exceeds all expectations of an enjoyable Bike Week. It may be infamous for its coleslaw wrestling but the entertainment goes on daily. There are hot buns and wet T-shirt contests. Bike shows that also include baggers. Nonstop entertainment from four big stages and daily drink specials from some of the hottest bartenders at their full-service bars. It was impressive to see the enormous turnout daily. Even the weather cooperated. However, the most impressive thing I saw was two wheelchair-bound bikers who had custom-built trikes. Goes to prove, once a biker always a biker. Hope to see you there in their bar that is open year-round and sponsors a lot of charity events. Great place to spend a lot of time. Don't wait till Biketoberfest to visit this overly friendly bar. It is open daily seven days a week.

# 7TH ANNUAL H-D MDA WOMEN'S RIDE

by Deborah Speicher

For many lady riders Daytona Bike Week also means the opportunity to participate in the Harley-Davidson MDA Women's Ride. This year's ride brought us back to the Speedway as a starting point and ending at Destination Daytona. A few weeks before the ride, we were faced with good news and bad news. The good news was that Karen Davidson, great granddaughter of one of the H-D founders, would be there to lead the ride. The bad news was that we would not have a police escort.

Harley-Davidson and MDA worked hard to make the ride come off without a hitch. There were lead, sweep and intermittent road captains for the ride so no one had to post corners or get lost. They mapped out a great back roads ride from the Speedway and we had special parking upon reaching Destination Daytona.

We were once again joined by some of the local MDA Ambassadors – Mary, Skyler and Ashley. The MDA National Goodwill Ambassador Reagan Imhoff also joined us from Wisconsin. At the end of the ride, this small but feisty little lady told us how much she enjoys MDA Summer Camp and especially when the riders visit on their motorcycles. Knowing that monies from this ride stay in the Central Florida area and send children to MDA Camp each summer, we can see our dollars at work.

This event raised a total of \$28,337. Good work ladies -- let's do it again in 2015!

# BAR NONE KICKS OFF BIKE WEEK

BY LuLu

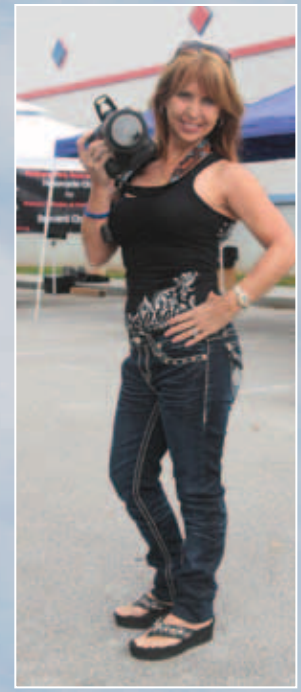

If anyone rides a motorcycle through St. Augustine, Florida they know to make a pit stop at Bar None. Known for being ultra biker friendly, they throw the best parties with great music and fabulous food. With their huge recently added outside deck there is always room for one more!!! If you haven't ever been, you need to get on your scooter and check them out!

# BREVARD COUNTY LAW RIDE

BY Miserable George

Every year, for the past 12 years, bikers from the greater Space Coast area have gathered for a ride, to pay tribute to their law enforcement officers, as well as, to remember those we have lost. Over 300 bikes jammed the area around the Law Enforcement Museum, next to the Astronaut Hall of Fame just south of Titusville. Ace DJ, Doc Holiday provided a pleasant interlude of music, Sheriff's officers demonstrated their riding skills, riders enjoyed coffee and doughnuts, (what else?), and now, it was time to shove off on a scenic ride through Brevard and part of Volusia counties, with the VAB on the Space Center as a destination. As many times as I've seen it, the VAB STILL inspires me...even more-so, with all those bikes parked in front of it!!! What a sight!!! After a brief rest there, we took off for the starting point of this run... just up the road at the Law Museum, where a nice lunch awaited the now-hungry riders! Gotta thank Doc Holiday...his 9th year doing this, Florida Catastrophe for the food, Universal Auto Body for the soft drinks, cooks: Gene, Joey, and Mike, MFC MC, and Hurricane Alley Victory Riders, (largest groups) and for their assistance, and of course, ALL the riders and the BIG GUY upstairs for providing the perfect weather. I'd like to personally thank Alan Rainey, and the officers who made my job a lot easier...good show guys...!

# ONE HORSE GOT LIT

By Amy Poole

A rockin' bar to be at during Bike Week Rally 2014 was the One Horse Saloon. This year was definitely One Horse's turn to have the crowd and business!! Bike after bike pulled in to be sparkled and shined by the best bike wash chicks we have seen in awhile. Along with friendly bartenders that always greet you as soon as you're in the door. By night, Torch the Fire Performer demonstrated his flame thrower and LIT up the outside. Take a close look at the pic here...the flame here clearly looks like a horse head doesn't it? Awesome!! Make it a point to stop in for a cold beer and check out the tons of patches on the back wall and get it sewn on your leather or jeans!!

# FREEDOM CYCLES Got LICKED

By Amy Poole

Freedom Cycles is a NEW and current spot on US1 in Holly Hill. During Bike Week inventory of motorcycles was exhibited and shined up, ready for one of you to take it on the open rode!

Freedom and fans GOT LICKED by Ron and Amy Shirley from Lizard Lick Towing! Ron and Amy and their crew in "tow" were signing autographs and displayed many items of merchandise. I watch this show all the time and was lucky enough to have MY photo taken with Ronnie!! You are missing out if you have not seen it...look it up and give it a shot!!

The Female Humane Link, Juli Moody, performed 3 shows putting her power to the test.

She actually makes herself a link between 2 motorcycles while they do a burn out and she has to hold them there...and no brakes were being used on the cycles!!! This was a great performance and Juli really has a kind manner!!

The action was nonstop and powerful at Freedom Cycles!!!!

# SKINNIN' A BROT

# H&D ROADHOUSE 3RD ANNIVERSARY BLOW-OUT

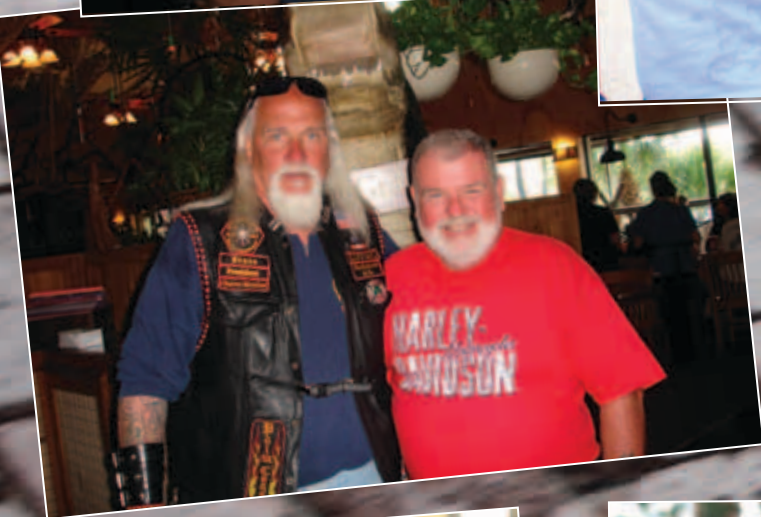

by Miserable George

Three years ago, when Harry and Deb Vigliano acquired the old Pelican Creek Pub, it was kind of a toss-up, whether or not the place could be brought back to life. Well folks...I'm here to tell you...it happened!! The place was resurrected, and then some!! The H&D Roadhouse was born!! Many improvements were implemented, including a beautiful, shady, deck out back, improved parking, more food, top bands, fabulous service, and many more biker activities throughout the year! It is now proclaimed as Brevard's only true biker

bar. Harry doesn't care what you wear on your back...you are welcome, so long as you behave. (I believe THAT's the rule in ANY bar...right?) So, Sunday, April 6, 2014, marked 3 successful years of operation. Large crowd, plenty of GOOD food, live bands, drawings, babes, brothers...the works...everything that constitutes a BIKER BAR!! So, if you're in the Merritt Island area, on SR 520, across from the Lincoln Dealer, stop in for a cold one. You can pick up THUNDER ROADS magazines there too. In the meantime...ride safe, and support our troops everywhere...right??

# May is Motorcycle Safety Awareness Month

Motorcyclists make up less than 3 percent of the motor-ing public, and yet account for 18% of all traffic fatalities in Florida. It's understood that motorcyclists are more vulnerable to serious injuries when they are involved in a traffic crash, but something needs to be done to reduce fatalities.

"Look Twice, Save a Life," "Watch for Motorcycles" and "Share the Road" messages have been out there for years and we still had 457 motorcyclists die in Florida as a result of traffic crashes in 2012. For the families of those 457 motorcyclists, 2012 was a tragic year. There were parents who lost the chance to be able to talk to their son or daughter at the dinner table again; brothers who are no longer able to tease their sister; wives who can no longer feel secure in the arms of their husband; daughters who will not be able to dance with their father at their wedding; and husbands who will never be able to ride a motorcycle alongside their wife again.

As riders, we have to stop placing the majority of the blame on motorists and take responsibility for our own riding. In 2012, motorcycle riders were at fault in 63.5% of motorcycle crashes in Florida that resulted in severe injury or fatality.

Modern motorcycles demand a high level of skill from their riders: "Technological change for the motorcycle rider may demand heightened bodily agility and dexterity to handle the physical forces and consequences of faster accelerating (and stopping) machines, and to manage the risks of collisions with car-driver assemblages increasingly cocooned and anaesthetized from the presence of other road users." (Pinch & Reimer)

As we remind motorists to share the road with motorcycles, we would like to also remind riders to take safety into their own hands by riding S.M.A.R.T.

- S** Say no to drinking and riding
- M** Make yourself more visible to motorists
- A** Always wear your helmet when you ride
- R** Ride in control (within legal and personal limits)
- T** Train regularly and get endorsed

Due to the current financial situation caused by the slowdown in the economy, the Government has decided to implement a scheme to put workers of 60 years of age and above on early, mandatory retirement, thus creating jobs and reducing unemployment.

This scheme will be known as RAPE (Retire Aged People Early).

Persons selected to be RAPED can apply to the Government to be considered for the SHAFT program (Special Help After Forced Termination). Persons who have been RAPED and SHAFTEd will be reviewed under the SCREW program (System Covering Retired-Early Workers).

A person may be RAPED once, SHAFTEd twice and SCREWED as many times as the Government deems appropriate.

Persons who have been RAPED could get AIDS (Additional Income for Dependents & Spouse) or HERPES (Half Earnings for Retired Personnel Early Severance).

Obviously persons who have AIDS or HERPES will not be SHAFTEd or SCREWED any further by the Government.

Persons who are not RAPED and are staying on will receive as much CHIT (Challenged High Intensity Training) as possible. The Government has always prided themselves on the amount of CHIT they give our citizens.

Should you feel that you do not receive enough CHIT, please bring this to the attention of your MP, who has been trained to give you all the CHIT you can personally handle.

Sincerely & Dutifully,

The Committee for Economic Value of Individual Lives aka (E.V.I.L.)

P.S. - Due to recent budget cuts and the rising cost of electricity, gas and oil, as well as current market conditions; The Light at the End of the Tunnel has now been turned off.

\*Updates to follow.

Lanny was in his back yard trying to launch a kite.

He threw the kite up in the air, the wind would catch it for a few seconds, then, it would come crashing back down to Earth.

He tried this a few more times with no success.

All the while, my wife, Deb, is watching from the kitchen window, muttering to herself how men need to be tutored on how to do most everything.

She opens the window and yelled out; 'Hey, you need a piece of tail.'

Lanny turned with a confused look on his face and yelled back, 'Make up your damn mind.'

Last night you told me to go fly a kite!

Back on January 1st, a group of Nashville, Tennessee bikers were riding down Highway 49 when they saw a girl about to jump off the Cumberland River Bridge.

So, naturally, they stopped.

Lion Head; their leader, a big burly man of 53, gets off his Harley, walks through a group of gawkers, past the State Trooper who was trying to talk her down off the railing, and says, "Hey Baby.....whatcha doin' up there on that railin'?"

She says tearfully, "I'm going to jump and commit suicide! (even though the fall would damn sure sting when she hit the water, it would not kill her). While Lion Head didn't want to appear "sensitive," he also didn't want to miss this "be-a-legend" opportunity either so he asked ..... "Well, before you jump, Sugar-Britches...why don't you give ole Lion Head here your best last kiss?"

So, with no hesitation at all, she leaned back over the railing and did just that ... and it was a long, deep, lingering kiss followed immediately by another even better one.

After they breathlessly finished, Lion Head gets a big thumbs-up approval from his biker-buddies, the onlookers, and even the State Trooper, and then says, "Wow! That was the best kiss I have ever had, Doll-Face! That's a real talent you're wasting, Sugar Britches. You could be famous if you rode with me. We'll call you the "Lioness". Why the hell are you committing suicide?"

"My lame-ass parents don't like me dressing up like a girl."

\* It's still unclear today whether "Sugar Britches" jumped or was slightly pushed!

Of all the blonde jokes, this one has to be one of the best -- because it makes football make sense!

A guy took his blonde girlfriend to her first football game. They had great seats right behind their team's bench. After the game, he asked her how she liked it.

"Oh, I really liked it," she replied, "especially the tight pants and all the big muscles, but I just couldn't understand why they were killing each other over 25 cents."

Dumbfounded, her boyfriend asked, "What do you mean?"

"Well, they flipped a coin, one team got it and then for the rest of the game, all they kept screaming was.....'Get the quarterback! Get the quarterback!'

I'm like...Helloooooo? It's only 25 cents !!
