Hernandez Fights to Get You Paid

No doubt that Florida is a fantastic place to be a biker. Unfortunately, sometimes tragedy strikes. Every year in Florida, there are close to 9,000 motorcycle crashes. Most of those cause injuries. And most are the fault of the other drivers, not the motorcycle riders.

Dennis Hernandez is a Florida motorcycle accident lawyer. He's also a biker who loves to ride and to meet other bikers. His passion for riding, his commitment to justice, and his dedication to helping fellow bikers all come together in the law firm he founded more than 25 years ago.

If you are ever seriously injured in a bike accident, Hernandez and his team will fight to get you paid. Don't try to fight the insurance companies by yourself. You need an experienced and aggressive motorcycle accident lawyer who will stand up for your rights.

We don't let the insurance companies get away with their usual tricks. We're skilled and forceful negotiators. We'll never accept a penny less than you deserve. Unlike many other motorcycle accident lawyers, we're always ready and eager to take the fight to the courtroom if the insurance companies refuse to make a fair settlement.

We hope you never get injured in an accident, but if you ever do, call us at 855-529-3366, or fill in the FREE CASE EVALUATION form on our website for advice from an experienced Florida motorcycle accident lawyer.

LETTER FROM THE EDITOR

Man...we survived Bike Week, but it was off the chain! We ran crazy busy for 12 days trying to keep up with all the activities, bike shows, contests, concerts and more. It's always fun and toward the end it becomes a grind but we hang in there and bring you all the coverage. Thunder Roads Florida Facebook page has all the hijinks photos from every day starting on the 1st thru the 12th. Take a look and scroll the albums, then like our page so you can start receiving the content on your feed. We love sharing and interacting with our friends! The coverage of Bike Week 2023 will be in the May issue!

Here comes the Spring Rally season so check the schedules in the ad pages here and then refer to the calendar page to keep up. Leesburg/Gator Harley-Davidson Rally, Eustis Music Fest and Thunder Beach Rally are on the horizon 2 weeks in a row so come on. It's gonna be awesome.

A special event named Saddle up for St Jude is April 1st out of the Iron Horse Saloon. This is a major fundraiser for the kids. Stops include Saints and Sinners Pub, Renegades on the River, and O.B.'s. NASCAR Hall of Famer Rusty Wallace has joined this effort and will ride with us. Take the opportunity to meet a legend.

Perfect riding weather is coming so jump in the saddle and ride Florida. Happy Easter and Happy Birthday to me on the 16th.

See ya on the Road,

T.J.

PONY TALES

By Lulu

So, Bike Week came and an amazing 10 days it was! But truly amazing is this story of some bikers with hearts of gold...

Drifter's on the River in Astor is owned by friends of mine and they were packed, when a large group of bikers rode in. They knew the food was good, and that there would be a wait by the full parking lot but decided to stay and eat anyway. They happened to be served, after a 45-minute wait, before a table who had been seated before them. The man at that table was livid. The waitress apologized profusely and, in the end, told the man with a large table she would personally pay his bill! Whether the wait was slightly longer because of the food choices, or amount of peeps at each table, or maybe she even forgot to put his order in...I do not know, but her graciousness was witnessed by the bikers and his rudeness was too. His table ate, drank and took leftovers to go all on the waitress and then didn't leave a tip.

The biker table started throwing in money to pay for the rude table's meal and even some for a tip, as well as tipping her for her service, hard work and kindness for their own meal! Here is the best part of the story. As they exited the building, the rude man was still in the parking lot holding his leftovers! His car had been towed for parking in the Bridge Master's parking spot!! One of the petite blondes with the bikers went up to him and let him know Karma is a bitch, and that they paid for his table's meals. He just stood there with his BIG mouth wide open!!

Just gotta LOVE good people who deliver justice in a kind way while leaving a positive impression of bikers!! And a waitress who probably would have lost money that day trying to make his wait acceptable while tolerating his rudeness for being a better person than most!

Enjoy this beautiful spring weather, do a kind deed, and don't forget your sunscreen!

Under 35 is Alive! at 23rd Annual Riding Into History™

By HOLLY WILL BOND

The 23rd Annual Riding Into History™ (RIH) planning committee created a new class for their Premier Vintage Motorcycle Concours d'Elegance event on April 15th, 2023 at the World Golf Village in St. Augustine, Florida. With this new class, Under 35 is Alive!®, RIH is working to attract younger participants to get involved with our event and hopefully get bitten by the bug of collecting, restoring and showing vintage motorcycles.

If you have attended any type of motorcycle event or gathering of late, one thing you notice is none of us are getting any younger. This is especially true of the collectors of fine antique and vintage machines that RIH is known to be host to. Not to mention the volunteers who work tirelessly throughout the year to make the event a success for our entrants and our charity partner, K9s for Warriors. For years we have racked our brains to come up with ways to involve younger people, in the hopes they too, will catch the bug and usher in the next generation of passionate collectors, judges and volunteers.

For a motorcycle to be considered for judging at RIH, it has to be 35 years of age or older. The name of the new class, Under 35 is Alive!®, speaks to both the age of the machine as well as the age of the entrant. This class will allow bikes that are not yet 35 years old, and the class is limited to participants who are 14 to 34 years old. Hence, the name Under 35 is Alive!® was born. As an added twist, the motorcycle being entered must be as old as the entrant. For example, a 20 year old person would have to enter a 20 year old, or older bike. More information and the online registration form can be found at <https://ridingintohistory.org/under-35-is-alive/>.

In addition to this new class to attract younger entrants, RIH began the first youth judging program for any motorcycle

concours in the US in 2014. More information and the online registration form for our youth judging program can be found at <https://ridingintohistory.org/youth-judging/>.

The featured marque for this year's show is GET YOUR HEART RACING-COMPETITION MOTORCYCLES.

Our Grand Marshals for this year are AMA Hall of Famer, Brian Slark of the Barber Motorsports Museum and Motogiro D'Italia Hall of Famer, Vicki Smith of Ducati NA. Our Honorary Grand Marshal is none other than AMA Hall of Famer, Mary McGee, Pioneer Woman in Women Racing. Read more about the amazing careers of all three of these individuals at <https://ridingintohistory.org>.

We look forward to seeing you April 15th, and please bring the kids.

TWISTED EVOLUTION CELEBRATES ANOTHER YEAR & THEIR CUSTOMERS!

By Lulu

Some hardworking guys in Bushnell have been busy keeping bikes on the road since 2019! Neil & Fred at Twisted Evolution have enjoyed 5 years in business. The guys recently purchased a building to store motorcycles for snowbirds and others that need their bikes maintained in a safe environment. This year's BBQ was held at this new property, and it was awesome. This was their biggest event so far! Sticky Fingers BBQ put on an awesome spread again and the band Carry the Day rocked the inside of their new building. A bike show was also part of the event this year.

Hours of operation are Monday through Friday 9a-6p. Stop in and visit if you are in the Bushnell area. They are located at 212 N. Main St. The phone number for Twisted Evolution is 352-617-5224. Good guys who really enjoy what they do!

FALL THUNDER BEACH RALLY 2022

By Lulu

The spring and fall Panama City Beach becomes a motorcycle mecca. This year the fall rally had beautiful weather even though hurricanes had plagued most of Florida. We always stay at Holiday Inn Resort and the view is absolutely amazing! Frank Brown park was bustling with people shopping the vendors, drinking Twisted Tea and listening to great music. The headliners at the fall rally included Shinedown which I had never even heard of, but boy what a show! 3 Doors Down, Dierks Bentley and Colt Ford completed the weekend of headliners. Hammerhead Fred's hosted the Ms. Panama City Bikini Contest, and those bikini clad ladies packed the place every night. This year's dates for spring are May 3-7, and Pantera May 6th, Lynyrd Skynyrd will rock the stage May 5th, Rob Zombie May 4th, & Buckcherry May 3rd. The VIP tickets are well worth the money so if you don't have yours better get 'em!

SORRY CHARLIE'S CORNER ANNIVERSARY BASH

By Lulu

Sorry Charlie's Corner on Highway 44 in Samsula knocked it out of the park with their first anniversary bash! This bar's popularity has been growing by leaps and bounds with people in all vehicles, and particularly those on motorcycles. Lisa Henson helped organize the event and with the help of Willie's Tropical Tattoo crew, sponsors which included Rue & Ziffra, The Ice Queen Truck, Cochise Chops Magazine, Busch Light, Twisted Tea, and A OK Guns they were packed and prepared. They got the word out that a party was happening on their huge property complete with country music star Whey Jennings, a Daisy Duke contest, Uncle Jesse look-alike contest, and the General Lee. Sam Lowe and Christie Beu also performed and the National Anthem was sung by Michelle Marie. The Veterans Support Fund was the recipient of proceeds that day and Lisa presented them with a wad of cash, the total raised was \$4059!! Great job everyone! A-OK Guns did at least 4 gun raffles to help fill that kitty.

If you haven't been out to Sorry Charlie's Corner it is a great spot for an ice cold brew and they do a bike night on Thursdays 6pm. Check them out and tell them Thunder Roads Florida sent you!

MIDWEST MOTORCYCLE'S BASH AT BEAVER BAR

By LULU

One of the biggest events of the year in the greater Daytona area is the Midwest Motorcycle Anniversary Party and Bike Show. Vendors, bikes, and hundreds of people are on site to enjoy the day at Beaver Bar in Ormond Beach. Too many trophies are given out to put all the photos in the magazine but all the photos of the winners are available on our Thunder Roads Florida Facebook site in Albums. The crowd was elbow to elbow and once again Heavy and Christine threw an amazing event. The band Greentree Brothers kept the large crowd entertained and rocking in the rocking chairs scattered on the Beaver grounds. Congratulations to the bike show winners and to Heavy for 29 years of success!

"SHE GAVE ME MY LIFE BACK"

Local clinic has a modern, medical solution to treat your Peripheral Neuropathy and is seeing incredible results!

"It started out as a normal outing. My wife and I had to run to the grocery store. We were driving down the road casually going over our shopping list when the car in front of me started to slow down anticipating the yellow light. I started to move my foot from the gas to the brake as any normal person would do when they see brake lights in front of them, but I couldn't. I couldn't feel my foot. The car kept moving forward and I just couldn't get my foot on the brake. And CRUNCH! I finally came to a stop when I hit the car in front of me."

This tragic story was shared with us by Dan S. a Clearwater resident who has peripheral neuropathy. And while no one was hurt in this accident, Dan had suffered almost every day of his life with tingling and burning in his feet until numbness set in, and he could no longer feel even the brake pedal beneath his foot.

"The first stage is pain," shares Dr. Kim Windschauer of Acupuncture of West Florida. "You feel burning, tingling, sharp pains, or you feel like you're walking on tacks or marbles. This pain eventually subsides and the numbness sets in. Unfortunately, the numbness brings with it a whole other host of problems."

This was the case with Dan. "I said I wasn't going to drive again. What if that had been a pedestrian?" It is terribly common that peripheral neuropathy and its debilitating symptoms interfere with a person's ability to live their life. Dan became reliant on his wife to drive him around; even the simple pleasure of cursing down Gulf Boulevard or taking his wife out to dinner was outside his capabilities. And even more common, Dan's general practitioner and several specialists told him there was nothing they could do other than prescribe him pills that would ease the pain of his neuropathy.

That's where Dr. Kim at Acupuncture of West FL comes in. "About 75% of our current patients come to us suffering from the same conditions as Mr. Dan," tells Dr. Kim.

"They're in constant pain from neuropathy and it prevents them from not only living their lives, but more importantly, it prevents them from enjoying it. Depending on the severity of their nerve damage, we typically see tremendous progress in month 3-4 of treatment. I like to say, we are in the business of making your golden years golden."

"I can't lie," confides Dan. "I was skeptical at first. The folks at USF told me there was nothing that could be done, and then there's a doctor here in Clearwater who tells me she can help. Turns out, she was right! About three months after treatment, I was able to confidently drive myself to my appointments! My wife and I celebrated by buying ourselves a new car! It's hard to put into words how incredible this is. Quite frankly, she [Dr. Kim] gave me my life back."

While Acupuncture of West FL specializes in acupuncture and it's definitely part of their protocols in treating neuropathy, the real secret is in a more modern medical solution called ATP Resonance Bio Therapy. This technology was originally developed by NASA to expedite healing and recovery," shares Dr. Kim. "It's like watering a plant; ATP Resonance Bio Therapy stimulates blood vessels to grow back around the peripheral nerve and provide them the proper nutrients to heal and repair."

You can learn more about Dr. Kim and Acupuncture of West FL by visiting Acuofwestfl.com. If you're ready to schedule a consultation, call 727-490-6060, and do so quickly. Acupuncture of West FL is a very intimate clinic, taking pride in the time they take with each patient. The clinic's ability to take new patients is therefore limited.

25TH ANNIVERSARY

Thunder By the Bay 2023

By Lulu

This yearly music & motorcycle festival is becoming one of our favorites of the year. Every motorcycle event has its own feel and this one is kind of a motorcycle Woodstock. Hosted at the Sarasota Fairgrounds there is a small fee to attend, but the money raised goes to the Suncoast Children's Charities so all who attend can enjoy the music, vendors and fun knowing they have helped a good cause! There is also a VIP experience with a huge auction that helps feed the kitty. The bands this year were all great. One I heard for the first time and really enjoyed was Twinkle. Headliners included 38 Special, Colt Ford and Bobby Friss. Highway to Hell, Maiden Cane, Nobody's Fool, and Nuthin' Fancy filled the rest of the weekend with great music. This was the 25th Anniversary of Thunder by the Bay and by far the largest crowds I have seen. Included was a bike show with Kory Souza, sound off by Jim Lynch's Bike Show Mafia, Choppertown by Born to Ride, stunt shows, burn out contest, wrestling and bike games. PLENTY to keep you entertained the whole weekend. There is also a ride on Sunday, but we have not been able to stay on Sunday to attend this yet!

I am sure that Suncoast Charities Executive Director and Event Organizer Lucy Nicandri would like to thank all who attended and those who helped to man this event. A special thank you to presenting sponsors S & S and Adrenaline H-D, and to all the following who help make this important event possible: Ford, FCCI Insurance, Greg Linehan Law, Hap's Cycles, Badger Bob's Services, Gold Coast Eagle Budweiser, Sonny's BBQ, Born to Ride, USA Fence, United Rentals, Everglades Equipment, & Homs Partners. This event is every February and if you are a camping kind of guy or girl, they have on-site camping available and bring lawn chairs!

HURRICANE RELIEF CELEBRATION

By PHOENIX AND METRIC

Hurricane Ian devastated SW Florida and large portions of cities across the state. Despite the devastation, one thing that will always stand is the fighting spirit of the American people especially that of our veterans. The American spirit was on full display this past weekend in Desoto County. The American Legion Post 11 in Arcadia sits on the banks of the Peace River. Just about every time we have a hurricane the post experiences a lot of damage, but this time the post was almost completely under water. It has been a long and expensive road to recovery. There is still a lot of work to be done to restore the post, but this weekend was a step in the right direction. The community came out to help with the cost of the recovery. We had a day filled with great food, fun, and entertainment. Commander Ronnie Jones and all the members of the post would like to thank everyone who came out to support this effort. Special thanks to all the veteran organizations that came out to make this event possible.

GOD BLESS AMERICA AND OUR VETERANS!!!

JOKER'S WILD

WHY if we have the speed of light, what is the speed of dark?

WHY do we always stand up and look at our own chit before flushing?

WHY do cats always look at their own chit before covering it up thoroughly?

WHY do we say "after dark" when it is really "after light"?

WHY is lemon juice made with artificial flavor, and dish-washing liquid made with real lemons?

WHY if Webster wrote the first dictionary, where did he find all the words?

WHY is the time of day with the slowest traffic called rush hour?

WHY isn't there mouse-flavored cat food?

WHY do they sterilize the needle for lethal injections in prison?

You know that indestructible black box that is used on airplanes? WHY don't they make the whole plane out of that stuff?

WHY if the #2 pencil the biggest seller, why is it still #2?

WHY are they called tug boats when they are obviously push boats?

WHY if con is the opposite of pro, is Congress the opposite of progress?

WHY is a carrot more orange than an orange?

WHY is it the early bird gets the worm but the 2nd mouse always gets the cheese?

WHY do we leave cars worth thousands of dollars in the driveway and put our useless junk in the garage?

WHY do they put hot dogs in packages of ten but buns only come in packages of eight?

(One of my all-time fave jokes and run it every 5 years or thereabouts)

Two little Georgia girls sitting on the mammoth front steps of an extremely fine Southern home and the little girl who lives in this mansion looks over at the other little girl, who was obviously poor by her dress and shoes, and points to the stables and says very superior and boasting, "You see the stables where we house no less than 30 of the finest Tennessee Walking Horses and prime Stallions from across the world?"

My Daddy owns all that stable of prime horses and someday it will be all mine.

The other girl looks and shakes her head yes and replies, "That's nice."

The first girl says, "You see that Automobile and Motorcycle Garage, where we have over 50 of the rarest and most expensive automobiles ever made and the fastest motorcycles in the world. My Daddy owns that Garage and everything within, and someday it will be all mine."

The other little girl looks real hard and long, and shakes her head yes and replies, "That's nice."

The little mansion girl is getting a tad heated and says, "You see all this land, as far as the eye can see and then some? My Daddy owns over 5,000 acres of fertile, cattle and sheep raising land, and someday it will be all mine!"

The other little girl put her hand up to her forehead like a visor and gazed long and hard at all that land and replied, "Wow!, that's nice."

The first little girl looks at the other and says, "What does your Daddy own or do?"

The other little girl replied, "My Daddy is a poor and simple man but he works long hours and is real good with horses, which is why your Daddy called him."

"We don't own fine stables or fancy garages and definitely no land except for the lot our little home is on. My Daddy did save up enough to send me to Charm School though, and I was proud to graduate 1st in my class."

The first little girl sputtered and declared, "Charm School!! and what prey tell did they teach the likes of you at Charm School?"

The other little girl turned and faced the first little girl and looked her square in the eyes and replied,

"They taught me to say "That's Nice instead of F*#k You!"
