LETTER FROM THE EDITOR

Covid 19 has been captivating and consuming our lives for almost 5 months now. We, as a society have been following government guidelines and recommendations that were supposed to slow, or stop the spread of the Virus. Well, after all this time, that has not happened in Florida, which has resulted in bars being unfairly targeted and forced to close their doors. The consensus in our (Thunder Roads Florida) world, seems to be that there is no logic or conclusive evidence that this virus is spread more in a bar than at restaurants, Disney World, Walmart, or a protest (riot). The "Bar Owners Coalition of Northeast Florida" is a group of bar owners joining forces to fight back against the state mandate to close all bars. I know of several other similar efforts in other parts of the state as well. If you support this movement, then by all means seek them out, join in and ride for the cause. We all need to get back to what we remember as normal life ASAP!!

See ya on the road,

T.J.

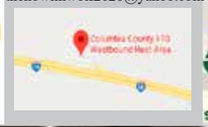

TALLAHASSEE RUN AGAINST BAR PROHIBITION & DISCRIMINATION

GATOR HARLEY-DAVIDSON BREAKS OUT WITH SULFURIC

By Jan

During our Break Out Party on Saturday, June 13th, Scott and Adria, the winners of the Scavenger Hunt, were ecstatic to find out they were the first 2 and the only 2 that got all the answers correct. They won $125 in Gator Harley Gift Cards. They had no problem going right inside the dealership and found some great buys. Congratulations!

Everyone that went on the Scavenger Hunt was automatically entered into a drawing for a 3 day/2-night Weekend Get Away with their $5 registration fee. The chance to win was open to everyone. We are proud to announce Stacey Drosos with the Lake Co HOG won. Congratulations!

Also, there were several Clubs and Organizations that came out to support Gator Harley-Davidson: Amazons of Florida, Cruisers of Central Florida, Nam Knights MC, Lake Co. H.O.G.(co-host of the event), Clermont LAMA's, SCHOG, Fallen Few Lake Co, Warlocks Lake Co, American Legion Riders, and West Central MFCMC,

Thank you to all who rode out to support this event. We loved the band Sulfuric and only wish we could have arrived earlier to hear more of their sets.

Our group from Daytona Beach arrived a bit late due to a bad rainstorm when we were heading out for the ride over from the coast. So, I must thank Jan from Gator for taking the pics of the day including ours!! Jan and Gator H-D work hard to not only put on entertainment for their motorcycling enthusiasts, but to also give back to their community!

Lulu

Winners of the Scavenger Hunt Scott and Adria

PONY TALES By LuLu

I had the most amazing day on the 4th of July. First off, we went with Karl from Volk's Audio on his boat to "The Glen". The ride on the St. John's River was beautiful and thankfully my fear of Karl being a speed demon was unfounded! The most awesome sight was as we pulled into the glen it seemed as though we floated into a Trump rally. Trump and American flags flying everywhere. Red, white, and blue bikinis everywhere. Watching the polls and some news channels it was becoming very depressing. If I heard one more time "defund the police", "our goal is no more cops in 5 years" and "no life sentences" I was going to start believing America was doomed. But seeing the patriotic Americans out enjoying a day on the river gave me a much-needed boost. A perfect day with amazing food cooked by Karl on his grill and an invigorating swim to the mouth of the spring recreated the energy for life. I still am worried that Biden may win, that we are headed off a cliff of anarchy and that most of America has lost their belief in our Constitution and love for our country. But I left that river on the 4th knowing we patriotic Americans are still out there and that we MUST not let those beating their chests like gorillas control our future. And if you think that was racist you are part of the problem. When the noose was found in a NASCAR garage the focus was on the "crime of the noose" not the fact that the REDNECK GOOD OL' BOYS in UNISON supported Bubba. That should have been the news story, not a garage door pull!!!

Anyway, we who enjoy the freedom of motorcycling need to show our patriotism a little more this year. Ride on veteran and police rides, fly a flag on your bike or wear a patriotic shirt or hat. I joined a group called Adopt-A-Cop…you just send a note of encouragement to a police officer thanking them for putting up with us all and doing a difficult job in a difficult time! I know it doesn't sound like much, but the police seem to appreciate hearing something positive.

Take a ride on a road you haven't traveled, buy a cop a meal and don't forget your sunscreen!

VAN ZANT SOUTHERN ROCK RIDE

BY JEANI G.

On a sunny mid-June day, we felt like "Free Birds" as we embarked on an exploratory ride dreamed up by Gator Ken to the now historic Van Zant House in westside Jacksonville, FL. Six of us: TJ & Beth, Don & Lisa, and Gator Ken & I were on a mission to visit the cradle of Southern Rock … the childhood home of famed Ronnie, Donnie and Johnny, the lead singers and musicians of Lynyrd Skynyrd and 38 Special.

Along the way we "Wild Eyed Southern Boys" (and girls) stopped at the 3D Saloon in Palatka where owner Donnie served up some breakfast cocktails. With "The Breeze" in our faces, we "Held on Loosely" as we rode on to our destination. The Van Zant House located at 5419 Woodcrest Rd. in a blue-collar neighborhood the brothers referred to as Shantytown, was officially declared a Florida heritage site on Saturday, May 12, 2018. It's been remodeled in the 70's style that the boys grew up with … complete with a rotary-dial telephone, wooden console stereo with an 8-track player, and memorabilia hanging in their former trophy room. Fans can rent the house and do some "Down South Jukin'" in the place where their music began.

We ventured on to 5301 Lennox Ave. where we hoped to cut a rug at a place called The Jug with a girl named Linda Lou (y'all know how the story goes), only to find it was closed, most likely due to Covid-19. This is the location of the then West Tavern which was Ronnie's inspiration for "Gimme Three Steps", based on actual events of a confrontation he had when he was just 18 years old. While frantically driving away from the man with a gun in his hand, Ronnie, Gary, and Alan passed a liquor store called the Little Brown Jug on Edison Ave. as they penned the lyrics to one of their most recognizable songs. The West Tavern's name has since been changed to The Jug Saloon.

Ooh "That Smell" … which led us to Huey's on Edgewood Ave. for lunch where we enjoyed delicious Nashville hot chicken. We then took a westerly route back through Putnam county wetting our whistle at several veteran owned and operated bars: The Howlin' Wolf in Melrose and Lit'l Caesars Dive Bar in Interlachen. Then on to Long's Log Cabin in Welaka … always a favorite stop!

A total of 260 miles round trip brought us back to OB's in DeLand where we continued "Rockin' into the Night" with my "Simple Man" Gator Ken, and me his "Fantasy Girl." Hope you enjoyed this Southern Rock tale as much as we enjoyed the ride … stay healthy and safe y'all.

Stormy Hill Still Celebrating Motorcycling After 18 Years!

By Lulu

In June, Janice and the folks at Stormy Hill Harley had reason to celebrate. Even though the economy had been on lock down for the past several months due to Covid, it was time to bring out the beer and toast their 18th anniversary! The dealership is known by many as a friendly, caring business with fair pricing and great service. To keep riders happy and coming back for 18 years the staff is doing things right. The day of the celebration girls were washing bikes, beer and food were filling bellies and the Steven Green Band rocked the parking lot. This fall their bike nights and social events will kick back in…unless our government puts us back in time out! On August 15th they are having a Customer Appreciation Day with 25% off all licensed products. On August 1st a blood drive is being held from 10a-4p as a bonus you get a free Covid-19 Antibody test and a T-shirt.

BILL'S OLD BIKE BARN AND MUSEUM

By Tony and T-Rex

The first stop on this trip is Berwick, PA where we're gonna hang out at the Bodnarosa Campground. T-Rex wants to see family and friends for a week, and I want to ride twisting mountain roads. But we also want to go see "Bill's Old Bike Barn and Museum". The owner is Bill Morris and he owns Bill's Custom Cycle for the last 51 years, so you guessed it he is 81 years old and still working every day. On the weekends he is the first guy you meet at the museum. This museum isn't just a bunch of old bikes. It is a collection of everything from Rock'em Sock'em Robots to an Elvis room, and of course, the name of this town is "Billville". Between the old Berwick Hotel sign and the store made of beer cans, I could write pages about the 55,000 sq. ft. museum, but if you are ever riding in the mountains in PA stop in and check it out. It's located right behind Bill's Custom Cycles at 7145 Route 11, Columbia Blvd, Bloomsburg, PA. Ok off to our next stop in Damascus, NY more mountains and cool breeze…

Stay cool Tony and T-Rex

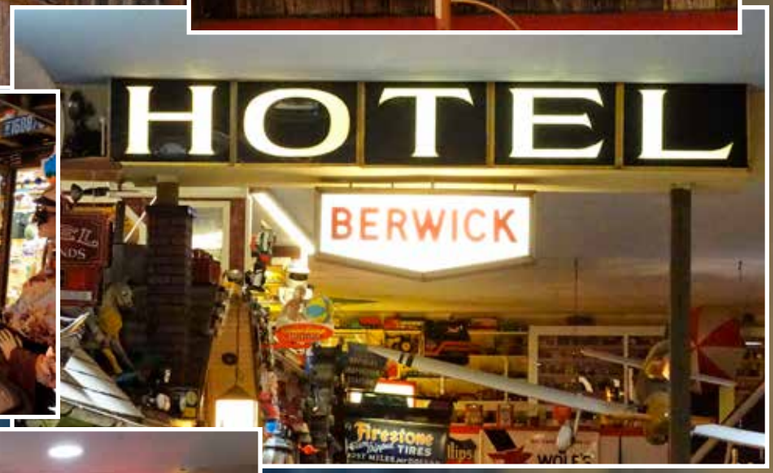

LETTER TO THE EDITOR

I am writing to thank my longtime friends and employers Ron and Tina O'Brien and their daughter, and manager, Kristie. The shutdown of Florida and the USA has affected us all. Ron, Tina, and Kristie took some of the stress off us employees. Rhonda, Tina and Ron's eldest daughter, her husband Chip and their children Olivia and Lila assisted at times. The O'Brien's kept the business open, as long as they could, and reopened on the first day of phase one. During the shutdown they brought us employees together each Monday for a meeting. They gave us, much appreciated, weekly paychecks. They asked us what kind of food we needed at home and provided food and drinks to take home. At the time of closing the wait staff included Danni, Keelie, Kristie, Kim, Linda, Mike (Kristie's fiancé), and Traci.

The kitchen staff included Christy, Ellen, Jace, and Wally. Steven provided bar back service. All of us were kept employed during the closure and at reopening. We were kept busy doing deep cleaning and interior and exterior renovation of the building. We cleaned, scraped, taped, restored, and painted. We worked together while socially distancing. It was a relief to be able to come to work and be productive instead of sitting home worrying about how to make ends meet. In addition to the employees doing work, Kristie, Ron, and Tina enlisted the

assistance of local painters and handy men and women.

It became a small community effort. These included "Chicken Shit Bingo Steve" & his son Steven Michael, CJ, Dave, Darrol, Dean, Kevin, Kim, Kip, Mike (Mike's father), Richard, Ricky & Vicky, and Tommy. Throughout this article "We" includes all the above-mentioned people. While others were stuck at home, we came home to our workplace. We all feel like a family and act like relatives with our ups and downs. We stripped, painted, and recovered chairs. We cleaned, repaired, and painted all the metal furniture. Kristie was seen many times with black paint on her arms and legs. One entire day, her buttocks displayed a broad black line from bumping up against wet paint. Kristie directed and helped as we removed, restored, and reinstalled some of the old cabinetry along with new cabinets assembled by Tina. The floor was removed and replaced with wood flooring by Dean, Mike, and Wally. The ceiling tiles were replaced by Kip. Darrol & Tommy replaced the ductwork and air conditioners. New lighting was installed by Richard. The kitchen was deep cleaned and renovated.

Chip carved a wooden seal for the inside bar. My husband George and I removed the old painted red rock walls and installed new natural brown rock. Beyer & Brown installed a new juke box and sound system. The bandstand has been updated and permanent music lighting installed. Steve, Steven

Michael, and Ricky & Vicky built four new movable booths out of pallet boards with leatherette seats. The pool tables were restored and covered with tan felt to match the black and tan interior walls. The interior looks brand new with a more open and modern atmosphere. Tina and Kristie have made the interior a non-smoking facility. People have commented on no longer needing to take a shower and change their clothes before hugging their families at home. Traci's son Slade, who does not cuss, on first seeing the inside said, "Mom this is fxxxxxg awesome". The exterior of the building, fence, cook shed, and bandstand were pressure washed and painted by Dean, Kristie, and Wally. Outside seating was extended to the covered bike parking area. The outside sign has been updated with the new OB's 1750 North logo. Tina planted new plants and the beds were weeded and mulched. Volunteer heirloom tomatoes were discovered on the side of the building along 17. The tomatoes flourished and continue to be a tasty treat. More than eight large plants of at least three varieties are growing. Vicky (Scott's) came twice a day to feed the feral cats and kittens. She was able to get Steven to take two home. Kristie found a home for an orphaned kitten. Steven, Tina, and Vicky captured the remaining cats. Charlotte was able to get all but the youngest neutered so far.

The official bar cat Champagne has been returned. Tina still has a few kittens, she is fostering at home, available to good homes. Kristie and Tina did most of the planning and managed day to day activities. Ron, though officially retired, could not be kept from being onsite. The O'Brien's provided more than just food to take home, Tina and Kristie made sure that pizza was provided to all who were working each day.

When the restaurant reopened for Phase One, everyone returned to work. Customers came out and mostly enjoyed the outside seating at the beginning. The inside seating has seen a daily increase in use as people get used to being out and about. We are enjoying a return of our friends, bikers, and regulars. Wednesday Bike night returned, the first week of reopening, with a band performing outside at 6pm. Bike night has been popular and busy ever since reopening. I want to personally thank Ron, Tina, and Kristie for providing a friendly, supportive, and wholesome environment. I continue to enjoy working here and look forward to a future where we can comfortably hug and shake hands again. From the bottom of my heart I feel like the entire group is my family and helped me through this time.

Sincerely,
Linda Stacy

Linda,
Thank you for not only taking the time to write and let us know how great the O'Brien family is, but for also reporting the great changes OB's has undergone. A facelift is often needed but with day to day operations and crowds it is hard to get anything done. Being closed due to Co-Vid many bars took advantage of the opportunity to make some much-needed updates. Few would be as complete as what I saw at OB's. I do know that it is a family run business out in Deland, but that family includes their staff and patrons! Keep up the good work out there…the crowds you have been having proves you guys are doing a great job!

Lulu and TJ

FLORIDA'S NO-HELMET LAWS AND TBIS

Although Florida requires motorcycle riders to wear helmets and protective eye gear, the statutes make an exception under certain conditions. The "no helmet" exception to the law provides many riders with the sense of freedom they crave. Unfortunately, getting into a motorcycle accident without a helmet can lead to severe head injuries, including traumatic brain injuries (TBIs).

What Are Florida's Helmet Laws for Motorcycles?

The Florida statute for motorcycle helmets states that all riders (operators and passengers) must wear protective headgear and an eye protection device, both of which must be securely attached. However, the statute goes on to make two exceptions.

- Riders aged 21 and above can ride without a helmet if they carry a medical payment insurance policy of at least $10,000.
- Riders aged 16 and above do not have to wear a helmet if their motorcycle motor is 50 cc or below and cannot exceed a speed of 30 mph.

The statute does not, however, make any exception for the eye-protective device requirement.

What Are Traumatic Brain Injuries (TBIs)?

Traumatic brain injuries are acquired injuries that occur as a result of sudden trauma. Examples of sudden trauma include getting hit in the head or having your head violently and suddenly collide with another object.

The resulting effects in the brain can include ruptured blood vessels and bruised or damaged brain tissue.

In many cases, TBIs cannot be treated. For other victims, surgery may be required to remove or repair damaged tissue or blood vessels. Many TBI victims never recover from their injuries. They suffer a variety of long-term complications that require full-time care. Other TBI victims lose their lives to this devastating injury.

Do Motorcycle Helmets Prevent TBIs?

The advanced technology used in the design and production of motorcycle helmets achieves two purposes: The first purpose of a helmet is to absorb impact and prevent it from being transferred to the wearer's head. The second purpose is to extend the duration of impact you can sustain without serious injury.

The U.S. Centers for Disease Control and Prevention (CDC) says that, although motorcycle helmets reduce the risk of death by only 37%, they reduce head injury risk by 69%. Trauma surgeons also appear to believe in the protective benefits of wearing a helmet. In a recent study, 100% of surgeons surveyed who owned a motorcycle reported that they always wear a helmet on their bike.

For the highest level of protection, any helmet you wear should be:

- Well-fitting
- Free of damage
- Less than two years old
- Compliant with federal motorcycle helmet safety standards.

Wearing a helmet will help reduce your risk of TBI. However, even if you do ride with a high-quality helmet, you can still sustain life-threatening or even fatal injuries in a motorcycle crash.

DAVID SWEAT, ESQ.
Partner and Attorney at the Law Firm of Rue & Ziffra

The motorcycle accident lawyers at Rue & Ziffra believe you deserve compensation for all your accident-related injuries and other damages - even if you weren't wearing a helmet.

CALENDAR 2020

We recommend you confirm dates before making your riding plans.

Why do married women weigh more than single women?
Single women come home, see what's in the fridge and go to bed.
Married women come home, see what's in the bed and go directly to the fridge.

Doctor to woman complaining about marital sex life.
Doc: Do you ever try to lovingly watch your husband's face during sex? Really connect.
Woman: I did once and he looked very angry and mean.
Doc: And why do you think that was?
Woman: Because he was watching from the bedroom window.

A blonde heard that baths in milk would make her more beautiful.
She left a note for her milkman to leave 25 gallons of milk.
When the milkman read the note, he felt there must be a mistake.
He was sure she meant 2.5 gallons.
So he knocked on the door to clarify the point.
The blonde came to the door and the milkman said, "I found your note. You meant 2.5 gallons, right, instead of 25 gallons?
"No", says the blonde, "I'm going to fill my bathtub with milk and take a milk bath to make me even more beautiful."
Milkman looks puzzled and asks, "O.K. then. Do you want it pasteurized?"
Blondie replies, "No, just up to my tits....I can splash it on my eyes if I need to."

Two sisters, one blonde and one brunette, inherit the Family ranch. Unfortunately, after just a few years, they are in financial trouble. In order to keep the bank from repossessing the ranch, they need to consider a prize bull stud fee from the stockyard in a town far away so that they can breed their stock.
They only have $600 left. Upon leaving, the brunette tells her sister, "When I get there, if I decide to pay the stud fee, you'll have to drive out after me with the trailer and we'll haul it home. Maybe us doing all the work he'll cut us a deal.
The brunette arrives at the stockyard, inspects the bull, and they start talking a deal. The ranch hand agrees he's short-handed so it'd be up to her to come get the bull, take it to her ranch, keep him for 2 days and then return. They shake on the deal. She tries to call her sis, but so far out in the country, had zero cell service. The rancher says service is the same in town and suggests using Western Union in town. The owner at Western Union store tells her it's 99 cents a word to send telegram and he could ask the Western Union rep. to send an employee out to hand deliver telegram to her sister on the ranch. She scrapes together exactly 99 cents from her pocket change and knows she'll only be able to send her sister just one word.
After a minute of thought she tells the owner to send her one word: comfortable
The man shakes his head. "How in the world is she ever going to know that you want her to hitch the trailer to y'all's pick-up and drive out here to get the bull back to your ranch by one word, comfortable?
The brunette shakes her head, smiles and says, "My sister's blonde. The word is big so she'll read it, then say it very slowly.... com-for-da-bull."

Survey shows the leading cause for injury in older men is them thinking they are still young men.

Girl crying at the bar. "What's wrong sweetie?" asks the woman Bartender. She sobs, "I told my boyfriend we've been dating for years and it was time to walk down the aisle." She's really crying now. "He handed me a list and sent me grocery shopping."

Aussie guy walks into a bar and orders a beer. He sees a jar full of $100's and asks the Bartender about it. "It's a manhood test. Put your $100. in and if you can pass all (3) tests, all the money in the jar is yours!".
Aussie sees there's probably over $3k in the jar. "Alright mate, sounds like fun to me. Let's have a go then."
Test 1: Knock out the Bouncer with one punch.
Test 2: Go out back and pull the infected tooth from our pitbull's mouth.
Test 3: Go upstairs and sexually satisfy this old hooker, she claims she's never actually been sexually satisfied in her entire life."
Guy slams his beer on the bar, puts his $100 in the jar, walks over to the Bouncer and Boom!, knocks his ass out. Slams another 3 beers and heads out back. They all hear the pit barking, growling and yelping the guy is yelling and screaming. There's things being broken and general mayhem when the guy walks back in the bar and man, is he ever torn up and bleeding from head to toe. He slams 3 more beers and asks, 'alright then mate, where the hell is this hooker with the infected tooth?"
